Council Told PG&E Is Studying New Route

Mayor Richard Morton at the meeting of the City Council on Monday evening named five members on the Board of Appeals under the building code who are, Charles Lamb, Calvin Young, Robert Curry, Jack Scott and Glenn Dubois, their first assignment being to recommend to the council if architectural variance should be granted the new Methodist Church now under construction at Hamilton avenue and Winchester Road.

The council gave tentative approval to the Chamber of Commerce for a carnival on the Hunt Cannery property, but only after Mayor Morton admonished that such approval had been presumptive, contending that in approving, (1)—adequate comprehensive ininsurance must be carried (2)—A reasonable closing hour must be decided, (3)—Carnival management furnish one uniformed policeman until 8 p. m. and two until closing time, (4)—All lights and searchers to be beamed not lower than 45 degree angles and flood lights not to reflect in nearby residences. (5)—That all tents be of flame proof material.

Sam Cava, president of the Chamber of Commerce and Dr. Robert Jasmine, chairman of Old Settler Days celebration, assured that it was the intent to have the carnival set well back from Harrison street. Joseph Bonacina, city attorney is to spell out the working agreement.

The proposed line of march for the parade on May 1 was referred to Police Chief Locke with authority to act.

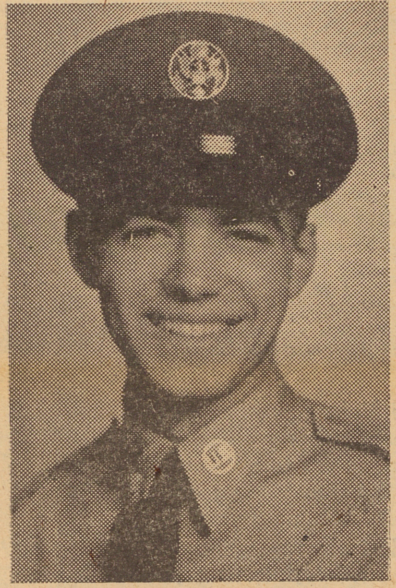
Council was scolded in a letter from Leonard Morley, owner of Friendly Shopping Center, for noises from Public Works department repairing in adjacent property, Mayor Morton indicating that until a corporation yard can be setup there can be little relief expected from this condition. In the meantime council told LeRoy Black, public works director to lease purchase an oiler and roller for street repairs. It approved purchase of the portable crossing sentry at $900 for Winchester Road and Campbell avenue after Chief Locke reported traffic was 75% better controlled with its use. Council indicated permanent signals might be installed later at which time the portable signals might be used elsewhere.

Nestor Barrett, planning consultant reported PG and E had taken new aerial photos of Hamilton Square, vicinity Dover School and wanted thirty days for engineers to study proposed new route for high tension lines and poles. From proposed new substation on Los Gatos Creek just north of Hamilton avenue two lines would be run in each of the four directions, Barrett said.

Mark Thomas, city engineer, approved alternate plan for running storm sewer East on Rincon avenue to San Tomas Creek from Virginia avenue subdivision, the first plan having been along Cypress avenue to Campbell avenue to the creek having been strongly objected to by home owners because of tearing up streets.

Council accepted with regrets the resignation of John Kahle from the planning commission. Kahle has moved to Saratoga.

Council passed a resolution of intent to annex lands of Frank Maggiore in vicinity of Rincon, Virgina and Budd avenues with hearing date set for May 23rd.



Airman first class, E. J. Christensen, son of Mr. and Mrs. E. A. Christensen of 369 Carlyn avenue who is home after four years in the U. S. Air Forces, the last two years being at Ellsworth Air Base, Rapid City, South Dakota. He was 1st photographer with the 718 Strategic Reconnaissance squadron on a r. b. 36 plane and has been to Greenland, England, Porto Rico and other places while in the service. He has now enrolled at Poly Tech college at San Luis Obispo to continue studies in architectural engineering.

PLANS REJECTED AT COUNTY MEET

The County Planning Commission again rejected application to rezone property on the west side of the San Jose-Los Gatos road between Apricot avenue and Dry Creek Road to allow Joseph La-Scola to rebuild his burned-out store. The property is very close to the Campbell city limits.

Questioning the commission's original decision, the Board of Supervisors had sent the matter back to the planners for reconsideration.

Prior to the fire last November the small store had existed as a nonconforming use in a residential zone. Under the county ordinance, such an operation can continue as long as no major expansion or rebuilding is undertaken.

The commissioners ruled the store would create a traffic hazard on the busy road.

The matter now will go back to the supervisors.

In other actions the commission:

Granted the Dominican Sisters a permit to build a small laundry on the order's Saratoga property.

Approved a permit for H. Taylor Peery for a service station on Prospect road, Cupertino.

SAN TOMAS BOULEVARD LINES HEARING CALLED

Architectural approval was given Thursday night by the Campbell Planning Commission to plans for the two million dollar shopping center at Latimer avenue and Winchester Road, formerly known as the H. Y. Rice property, and preliminary plans for another two million dollar shopping center at Hamilton Avenue and San Jose-Los Gatos Road, formerly known as the Kuehnis property were submitted for study.

Plan lines for a scenic boulevard from Camden avenue and Winchester Road in a northerly course along San Tomas Aquina Creek toward Santa Clara were shown for the first time and a hearing was set for May 5 seeking approval. In the new annexation beyond San Tomas Aquina Road, a change in the course of Latimer avenue was approved in keeping with sewer lines proposed by Sanitation District 4. Latimer avenue goes through the 55 acre subdivision turning northerly in the same pattern as Campbell avenue to intersect at right angle with Saratoga-Santa Clara Road. Hamilton Avenue is projected also, but turns southerly so as to intersect Campbell avenue at right angles, a short distance east of the Saratoga Road—Campbell avenue intersection, crossing Latimer avenue on the fringe of the new subdivision.

Planners set May 19 as the time for hearing proposal to rezone to R-2-S the northwest corner of Latimer avenue and Winchester Road, sold by Dave Rutherford to a major oil company as commercial property, also on same date a re-hearing on application to rezone Winchester Avenue frontage of the E. A. Garrison property immediately north of the Rutherford corner and in front of the Garrison apartments.

Planners continued the hearing on application of A. M. Pontiatoff, president of Ampex Electric Company for 16 duplexes on Latimer avenue adjacent to the new shopping center, until the grade problem can be worked out.

The variance application of Schultz and Agate for a duplex at Leigh and Sheffield was granted as also was one for Eugene Kuehnis for multiple dwellings with 1500 square feet of parking space, while variance hearing of Howard Untiedt was continued to May 5.

Mayfair Packing Company wants to set up a cherry stand at the southwest corner of Hamilton avenue and Los Gatos-San Jose Road and if parking is approved by Police Chief Locke and Mayor Richard Morton, traffic engineer, it may be granted.

The resignation of Commissioner John Kahle, who has moved to Saratoga, was referred to the city council. Nestor Barrett, planning consultant, reported the PG and E had asked for 30 days in which to study a proposed new approach of high power lines so as to bypass the Hemilton Square development.

CAMPBELL GETS BIG FACTORY

Modern Plant Will Employ Fifty Skilled Craftsmen

A deal was closed yesterday for the purchase of the Santa Clara Stove Company property on Railroad avenue by Twin Cities Manufacturing Company Inc., manufacturers of high quality furniture, which has outgrown its facilities at Santa Clara.

Milton S. Jacobsen and wife, Mrs. E. D. Jacobsen, owners have been in this business for many years, and say that the plant when ready to start in Campbell will employ from 40 to 50 people and that it will gradually expand.

In the next few days engineers will be on the job to install a sprinkler system costing $17,000 to make the plant fire proof, and later some electrical engineers will look after proper wiring.

Sam P. Cava, president of the Campbell Chamber of Commerce was elated with the news saying this was a direct accomplishment of the organization. He said the firm is known for its business integrity, the quality of its product and its interest in civic affairs, so the Chamber of Commerce most heartily welcomes them to Campbell.

Church Is Sued Over Fall Here

The Rev. Philip Fremont Adams, pastor of the Campbell Baptist Church, was directed by Superior Judge John D. Foley in a memorandum decision yesterday to draw a word picture of his church for Atty. Robert P, McNamee.

The church is defendant in a $15,000 damage suit by Glen Propst, Campbell resident, who suffered back injuries July 18 when he slipped on a waxed stairway and fell while leaving the church with his child following a Sunday School session.

Mc Namee complained in a court proceeding that the Rev. Adams had refused to describe the physical properties of the church when he took his deposition March 19.

Rev. Adams refused on advice of his counsel, Atty. Maurice J. Rankin, who had objected the question went beyond the limits allowable by law.

Judge Foley took a broader view.

The church is objecting Propst has no suit because he released it from any liability for his injuries last July 29 when he accepted $175 in settlement.

Polio Vaccine Ready Soon For Grade Students

Plans for vaccinating nearly 16,000 first and second grade children enrolled in public, private and parochial schools against poliomyelitis are completed with the exception of the starting date, announced W. Elwyn Turner, M. D., Director of the Santa Clara County Health Department.

The starting date will be determined, by how soon the vaccine is received by the County Health Department. The vaccine is paid for by the National Foundation for Infantile Paralysis and will be distributed by the State Department of Public Health. The first shipment for private physiciaans is due today.

Dr. Turner said six Health Department medical teams will innoculate children at twenty-seven schools selected as vaccination centers throughout the county. Children from surrounding areas will be transported to the centers. The schools serving as center have offered their services and facilities without charge.

Parents must request the vaccination for their children, he emphasized. Consent forms have gone out to all parents of first and second graders and are being returned to the schools. Parents of first and second graders who have not received a consent form should contact the school at once in which their children are enrolled. Returns to date indicate an estimated ninety percent of the parents request the vaccination for their children.

First and second graders, Dr. Turner explained, were selected for vaccination because they represent the group at highest risk among school children. Parents desiring vaccination for children not in the first and second grade should contact their private physician to whom, it is anticipated, commercial supplies of vaccine will be available this year.

The plan for conducting polio vaccinations in Santa Clara County has the approval and cooperation of the Santa Clara County Medical Society.

Four Million Dollar Commercial Building

Hamilton Plaza Shopping Center To Begin In June

Articles of incorporation have been filed at Sacramento for development of a two million dollar shopping center on the southeast corner of Hamilton Avenue and the San Jose-Los Gatos Road to be known as Hamilton Plaza Co., Inc. according to Ed Bean of the law firm, Bean and Bergna at San Jose.

Hollis Logue, architect for the development said cost of buildings alone will be over one million dollars which with the 12 acres of land and other improvements will bring the value to two million dollars. He said work is expected to be started June 1 on a market to occupy 30,000 square feet of floor space and that increment building will follow to include a drug store and other businesses as leases are signed.

There will be 100,000 square feet of floor space as the center is completed, and there will be space for parking 1300 cars. A feature of the plan is that patrons may go to any of the shops under covered walkways.

"It is to be of contemporary architecture with steel frames, masonry, lath, plaster and lots of plate glass", Logue stated.

Ralph DePalma Tells Rotary Of Racing Experience

Raalph DePalma, racing "great" of former years, now a representative of the General Petroleum Corporation, was guest speaker at the Monday luncheon of the Campbell Rotary Club. Jack Payne was chairman for the day.

DePalma told the group about some of his racing experiences, saying that in his very first race he was placed in front of Barney Oldfield to start and when the gun sounded, promptly threw his car into reverse and crashed into Oldfield, thus eliminating both of them from the event. Another time he made track history when his speedometer broke at 120 miles an hour.

"Predigested oats" on a track once helped him win another race. The track was also used for horse racing, so when De Palma was given pole position at the start of the race the track was so slippery no one was able to pass him and he romped home an easy winner.

Merv Willoughby reported that he will need a crowd next Sunday at the Little League Stadium for the last big work day needed for the completion of the dugouts, infield, and final touching up. Members are requested to bring a rake, hammer, or saw and be there at 8:00 a. m. for the final big push toward completion.

Alaskan Scenes At Kiwanis Meet

The Ralph Hydes took members of the Campbell Kiwanis Club off on a pictorial jaunt to the land of the midnight sun Tuesday noon with color pictures taken a year ago in Alaska.

There were beautiful sunsets, glistening glaciers, colorful fisheries and picturesque villages shown by the travellers.

Jerry McAllister, commissioner of photography at the high school was student guest of the club. Howard Atkinson was welcomed as a new member. It was announced that on May 10 a joint meeting is to be held of the Kiwanis, Lions and Rotary clubs of Campbell.

Harold Quinn of 20541 McKean Road, Los Gatos, reported to the police that sometime during the past ten days some unknown person or persons had stolen a 7½ HP motor from the storeroom at Court's Cabin. The motor was valued at $125.

Winchester Shop Center To Start In Two Weeks

Work is to start within two weeks on the new shopping center at the northeast corner of Latimer avenue and Winchester Road, the architectural plans having already been approved and are now in the hands of the building contractors, J. Frank Barrett Construction Company of San Francisco, according to Joseph McKiernan of the Clayton and Company, realtors who handled the sale of the property and who is in charge of store leases.

The development is to be known as the Campbell Properties Company, of which J. F. Barrett, D. A. Raybould, Col. Frank Bartlett, Ira Dunlap and Harry E. Goss are the officers.

The building to start in two weeks will be of 15,400 square feet for Lee Bros. Market, and an extension of 150 lineal feet of stores, costing $150,000.

McKiernan said the shopping center and lands when developed will have a market value easily of one and a half million dollars, subsidiary development also to be started at once calling for sixteen large duplex buildings to run investment over two million dollars.

Parking space will be four to one. Site is the former Herman Y. Rice property.

OLD SETTLERS' CELEBRATION TO HAVE CARNIVAL

A full three day "Old Settlers' Days Celebration" is being planned for the Campbell area by the Chamber of Commerce under the leadership of Sam P. Cava, president, and Dr. Robert Jasmine, general chairman of the activities for the week-end of April 29, 30 and May 1.

Friday, first day of the celebration, calls for a ten ride carnival to begin operating on the large lot behind Hunt's Cannery on Harrison Avenue.

Saturday, the "Queen's Corona-Ball" will be held at 8:00 p. m. in the Girls' Gym of Campbell High School with Bob Berry's Cocoanut Grove orchestra furnishing the music. At this time the Queen, Mary Begalke, will be officially crowned and reign over the festivities which include judging of the Whiskerino contest, and a program of variety acts to be staged during intermission. Admission will be $1.00, including tax.

This year it will be necessary to file entry blanks in order to take part in the Whiskerino contest. Any person wishing to participate should be present at the Coronation Ball when the judging takes place.

Sunday, a parade with many well known bands and marching units from all over northern California will be held at 2:00 p. m. on Campbell Avenue. Parade lineup includes Army, Navy and National Guard units and bands as well as all types of floats from local clubs and organizations, and many mounted groups.

Local churches are also planning special Sunday morning services to honor the remaining old settlers.

Friday, April 15, is the deadline for advertising in the Old Settlers' Days program. Any merchant planning on placing ads in the program should contact Joe Anello, program chairman, at the Campbell Press on or before that date.

EDITORIAL

A NEW LOOK FOR CAMPBELL

At the planning commission meeting last Thursday night, a new look was given the city as roads were projected, east and west, north and south. Not the least important of these was the precise plan lines for the scenic San Tomas Boulevard, which would start from about where Camden Avenue is to intersect Winchester Road, south of the Campbell Lumber Company property, veer northwest to and across San Tomas Aquino Creek and north to Stevens Creek Road. A public hearing on this plan has been called for the evening of May 5 at the Firehouse.

Another project involves a new annexation and subdivision west of San Tomas Aquino Road, 55 acres having been annexed to Campbell, twenty-five acres remaining unincorporated for a fifth school site of Moreland district, and land west to Saratoga-Santa Clara Road being annexed to San Jose. The school is planned for 1000 pupils when the subdivisions are developed which may be in the next two years. Plans call for 60 foot wide Latimer avenue being extended west from San Tomas Aquino Road into the new subdivision, then veering to the north to run parallel to Campbell avenue in intercepting the Saratoga-Santa Clara Road. Hamilton avenue would be extended at least 80 feet wide beyond San Tomas Aquino Road passing by the new school site, crossing Latimer avenue and intersecting Campbell avenue just east of the Saratoga-Santa Clara road.

These, of course, are tentative plans, but they are basic and when approved they will command set-back lines.

In the meantime, the City of Campbell has already decided that Hamilton Avenue is to be 120 feet wide, Campbell avenue is to be widened to four lanes to the San Jose-Los Gatos Road and Winchester Road is to be widened for four-lane traffic from the Camden crossing through to Stevens Creek Road and Rte. Five freeway will have its first four-lane interchange at Hamilton avenue.

We are entering a new era and the scene is changing. We hope that it is for the best.

WELL-ATTENDED CHURCHES

The second week in each April is generally observed as National Sunday School Week. This will be the eleventh year of such observance and cannot be dismissed lightly as just another observance, because at 6:00 p.m. each day of that week our young people are asked to offer a silent prayer for boys and girls behind the iron curtain, asking that they, too will have freedom to pray and that peace will come to all nations.

This is a splendid objective, for its gives root-strength to our nation's youth and a wholesome outlook on the future.

Campbell is fortunate in having more than the usual number of well-attended churches. On Easter Sunday there must have been 5000 people who attended services in Campbell, a sixty per cent church average, which is commendable.

FEAR NOT

A heartening message is being spread across the **country:**

"Don't Fear Cancer—It Can Be Cured!"

As science makes its miraculous progress in the hunt for the cause and cure of this dread disease, the world of medicine stands alert to save the lives of millions with weapons already known. Its most formidable barrier is fear—the victim's haunting fear of discovering his afflicton.

A speedng car is a potential killer. Apply the brakes in time, and tragedy can be averted. Cancer discovered can be cancer cured. Terror of the unknown should not delay that discovery.

Freedom from cancer will be much closer when we have achieved freedom from fear.

"V" FOR VALEDICTORY

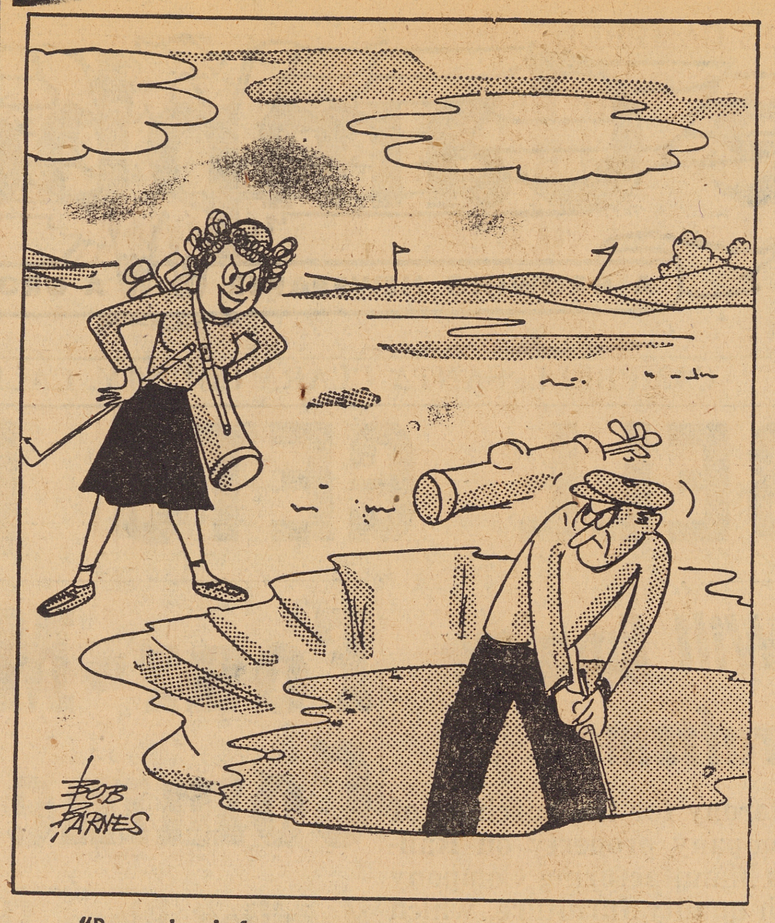
The valedictorian of the Victorian age has left the rostrum.

When Winston Churchill spoke his affectionate and no doubt sad, words of resignation to his young queen, Elizabeth, he brought to an end the valorous career of active leadership that had its inception during the reign of her great-great grandmother. "Good Old Winnie," as the man in the pub so fondly calls him, no doubt will still be heard in the councils of the British government. As an elder statesman, and an occasional participant in the House of Commons debates, he will growl his judgments on a world gone awry.

To the British people, and to the world, Churchill will be a living legend. He may not be the last of the giants, but his peer has yet to come upon the scene. In the dark days of World War II, he rallied a Nation to historic heights of valor with the grim, realistic call for "blood, toil, sweat and tears." He dismissed the appeasers and the merchants of defeatism with a curt injunction that he did not propose to preside over the dissolution of the British empire.

There lies Churchill's genius. He is England's man. He will fight for a good world, but he knows that before Utopia we must have good Nations — strong, good Nations. He never ceased to fight for Great Britain's best interests, because he felt that a strong and great England could best serve the world.

That is a message for Americans: Always play from strength, and be willing to cajole and growl and bluff and fight to make it stick.



"Remember before we were married when I used to let you win every game?"

The Campbell Gambol

POLICE DID a good turn on Thursday evening as some twenty citizens waited for the Planning Commission to open and only two members of the commission were on hand at 7:30, the time set for the meeting to open . . . one member was out of town, another had just submitted his resignation on removal to another city, while two others were at a flood control meeting in San Jose . . . efforts to contact the meeting at San Jose were not very successful until at about 8:45 someone got the idea of putting the police on the job; so Evelyn Adamson, clerk of the commission, contacted the police car and Officer John Tawney came in, then went back to his car and called the sheriff's office to have someone get over to the flood control meeting and tell members of the Campbell Planning Commission to get back P.D.Q., so the meeting could get under way . . . fifteen minutes later, Hollis Logue, chairman, rapped the gavel bringing the meeting to order, adjourning it after the midnight hour.

PG&E PAYS $2207 TO CAMPBELL

Treasuries of 49 counties, 192 cities and more than 1,500 school and other special districts in California took on healthier looks today as final installments on Pacific Gas and Electric Company's annual property taxes arrived. The total of $41,272,764 represented another record for the State's largest individual property taxpayer and bettered last year's previous high of $35,586,395 by more than $5,686,000.

The whopping figure was only a portion of the total tax bill for the company, which for the first time in PG and E history broke into the "century mark" and reached to $103,886,000. This amounted to nearly $12,000 an hour, every hour in the year.

Property tax payments for Santa Clara County aggregated $1,379,667, of which the City of Campbell received $2,207, according to P G and E Division Manager W. R. Bowler.

Sandra Marchese Is Bride Of PFC Harold Fara

The Holy Family Church in San Jose was the setting for the 5 o'clock candle-light ceremony that united Sandra Kay Marchese and P. F. C. Harold Laurence Fava, USAF, in marriage on Sunday, April 3, with Father De Luce officiating.

For her wedding Sandra chose a powder blue wool suit and stole trimmed with blue fox fur, a small ping straw hat with flowers and short veil, and pinned on a corsage of white orchids. She was given in marriage by her father.

Matron of Honor and sole attendant of the bride was Mrs. Mary Santamouro, aunt of the bride, who wore a pale blue suit trimmed with yellow accessories and a corsage of yellow carnations.

John Santamouro, uncle of the bride, served as best man.

Sandra is the daughter of Mr. and Mrs. Albert Marchese of Box 254, E. Parr Avenue, and sister of Linda Lee. She attended Campbell Grammar and High Schools.

Harold is the son of Mrs. Florence Warren who recently moved from Campbell to San Diego. He attended Campbell High School and at the present time is serving with the Air Force at Parks Air Base.

For her daughter's wedding, Mrs. Marchese donned an afternoon print dress with white background and black accessories, and pinned on a corsage of orchids.

Mrs. Warren, mother of the bridegroom, wore an afternoon dress of navy blue with white trim and an orchid corsage.

Following the wedding a family dinner and reception was held at Lucca's in Santa Clara where the traditional tiered cake was cut by the young couple before leaving for their honeymoon trip to southern California.

CAMPBELL WELL OVER QUOTA IN MARCH OF DIMES

That a substantial portion of the monies collected in the March of Dimes campaign in January went toward research work on the Salk polio vaccine just acclaimed as a control medium, was the statement from national headquarters today.

This was gratifying news in Campbell where high school students under direction of George Kemp directed a campaign which resulted in a total of $5,517.81 being collected as compared with a quota of $4500. In the county at large a total of $14,527.21 was collected which was $52,000 more than was ever collected in this county for a March of Dimes campaign. Last August when it was announced an emergency March of Dimes campaign would be undertaken to carry on special research work which seemingly is to end the crippling effects of infantile paralysis, there was $106,000 collected in the county.

Although some five-thousand volunteer workers, led by General Chairman Edward O. Duino and George Kemp Chairman, Campbell had hoped to reach a self-declared goal of $150,000.00, the $140,527.21 actually secured represents $52,000 more than ever previously collected in a January March of Dimes campaign in Santa Clara County. The Emergency March of Dimes effort last August netted over $106,000.00.

Speaking on behalf of the Santa Clara County Chapter of the National Foundation for Infantile Paralysis, Advisory Board Chairman Joseph A. Chargin, Jr., said, "We are thrilled by the excellent volunteer work of Mr. Duino and Mr. Kemp and the many fine men and women of our communities who gave so generously of their time and money in the interests of others.

"We hope and pray now that the achievements of these public-spirited citizens will be even more fully recognized this week with the announcement from Ann Arbor, Michigan, that the Salk Vaccines have been adjudged the long-awaited answer to the dread disease of polio," Chargin concluded.

Grange Honors Past Masters

Past Masters were honored by Orchard City Grange April 12 following a brief business meeting and Easter program presented by Josephine Biller, lecturer.

Reverend Ted E. Hurlburt of the First Christian Church in Los Gatos spoke of the resurrection of the individual as the most important factor in making this world a better place to live. Lloyd Hossman and Barbara Jones, students of the San Jose Bible College, sang solo numbers and a duet of the Lord's Prayer, accompanied on the piano by Virginia Rutherford. While the guest artists were singing the duet, ladies of the Grange presented a drill in which they formed a cross.

Past Masters were introduced and presented with boutonnieres from the ladies. Honored past masters and their terms of office were:

TRAMWAY CAR STARTS MAY 3

The 1000-foot long aerial tramway between the Cliff House and Point Lobos had a trial run in San Francisco and will go into regular service May 3.

The 6000-pound car traveling on cables will carry 20 passengers and the operator on each trip to San Francisco's most westerly point, at a cost of 25 cents per ride, according to George K. Whitney, project owner.

Although the tramway is ready for operation, Whitney said it would not be open to the public until next month to complete landscaping and paving on the Point Lobos terminal.

The tram was constructed at a cost of $150,000 by the John A. Roebling Sons Company, which made the cables for the Golden Gate Bridge.

SERVICE NOTES

Robert G. Williamson, aviation structural mechanic second class, USN, son of Mr. and Mrs. V. L. Williamson of 156 Sunnyside avenue, is serving aboard the Navy's attack aircraft carrier USS Shangri-la which is scheduled to arrive at her home port here in mid-April.

The carrier was re-commissioned in Bremerton, Wash., in January after a 26 month modernization at the Puget Sound Naval Shipyard there. The Shangri-la received the first structurally angled flight deck in the Navy during her modernization. Also installed were new heavy duty steam catapults and an enclosed "hurricane" bow.

The Shangri-la's angled deck is a new innovation in Naval air warfare. The new steam catapults provide greater safety and improved technique in launching jet aircraft.

8,000 Chicks Go Like Hot Cakes

The 8,000 baby chicks given annually at Easter time by the Nelson Grain and Supply Company found eager youngsters standing in line as early as eight o'clock on Saturday morning, all waiting to clutch their prizes and scurry home to show mother, who had to immediately fix a home for the new pet.

According to Nelson, at times the long line of children, some with parents, extended over half way down the block. By 11:00 a.m., the last of the little fellows had gone to new homes.

Alaska was organized as a territory in 1912.

California had 406 hospitals with 113,958 beds in 1953.

California's greatest source of mineral weath is its oil fields.

As a manufacturing State, California ranked in sixth place in 1950.
